PRESS RELEASE

dpSTUDIO environmental consulting & design LLC (dpSTUDIO) has been named Finance Monthly Magazine's 2017 U.S. Environmental Engineering Advisory Firm of the Year.

Every year Finance Monthly M&A Awards recognize and celebrate the achievements of dealmakers, management teams, financiers and professional advisers who have demonstrated their deal making excellence when working on some of the past year's most important mergers and acquisitions deals across the globe. Editor-in-chief, Mark Palmer commented: "The M&A process is a tried and tested formula for the growth and prosperity of a company, and yet, it is a very complex field to navigate. We are extremely proud that all of the individuals and organizations that are listed within Finance Monthly's 2017 M&A Awards have excelled in helping companies overcome the complications that can arise during these transactions and have contributed to achieving excellent results."

Said Dennis Papa, dpSTUDIO's Founder and Principal Engineer upon learning of the award: "We are pleased and humbled to be recognized with this award. Our primary goal is to efficiently address environmental issues while helping our clients expand and grow their businesses. We have been called upon recently to support several transactions that involved environmental due diligence for large manufacturing and distribution facilities, working closely with management teams and their lenders, attorneys, and other advisors. We appreciate the continued trust our clients put in us to help with their complex and time-sensitive transactions."

Awards are based on voting from Finance Monthly's international readership of over 195,000 and using a rigorous ten point criteria to make final selections from shortlisted candidates. This year's criteria included such parameters as documented M&A support activity in the last 12 months; involvement in significant transactions; expertise and innovation; innovation in client care; value of involvement within transactions & deals; and strategic thinking and planning.
